Dear Irene,

Costessey High School is a specialist science school, in Norwich.

We have worked with Future Foundations Training Ltd for 2 years and have found them professional and inspiring. They have run the following programmes for us:

2008 – Revision weekend
2008 – Sixth form induction
2009 – Sixth form follow up
2009 – Year 10 one day “step up” programme
2009 – Revision and Enterprise Weekend
2009 – Sixth form Induction
2009 – Year 9 HE experience
2009 – Year 10 leadership skills programme

Here at Costessey High School we are very committed to Enterprise and engaging young people to be more involved in their local community through Enterprise and have brought in Future Foundations to teach our young people the skills they will need for the future world of work. Whilst working with Future Foundations we have not only had a jump of 16% in our exam results we have seen a real change in the young people becoming more focused on their future and how their actions can result in a change for the better.

We cannot recommend Future Foundations highly enough for all the fantastic work they do with Young people.

Best Regards

Stuart Catchpole
